14 April 1954

MEMORANDUM FOR: Colonel White

Document No. 13  
No Change In Class. ☐  
☐ Declassified  
Class. Changed To: TS S (C)  
Auth: 11-27-78  
Date: 11-27-78

In accordance with your request, I discussed with the last two items appearing on the Management Staff's Weekly Report dated 12 April 1954. The following additional information is submitted to explain the activities of the Management Staff relative to the projects you questioned.

Project 4-104, Reorganization of the Special Security Division,  
Security Office

The Security Office requested the Management Staff to review the functions of one Branch of the Special Security Division and reestablish an appropriate T/O for that Branch. After the Management Staff got into this review they found that the T/O, as established, in no way reflected what the Special Security Division was doing. It then developed that the T/O of the entire Special Security Division required examining and, with the concurrence of the Security Office, this project was undertaken. The Management Staff is working in close collaboration with the Inspector General in this activity, and [ ] advises me that if the Inspector General's report on the cover responsibilities of the Special Security Division results in recommendations inconsistent with the Management Staff's functional statements and proposed T/O, the Management Staff will defer their study pending settlement of the Inspector General's report and recommendations.

Project 4-109, Reorganization of Assessment and Evaluation Staff,  
Office of Training

This project was initiated at the request of the Office of Training to realign the T/O of the Assessment and Evaluation Staff to reflect its actual functions and responsibilities. In view of the Inspector General's investigation and probable change in functions of this Staff, the Office of Training has requested the Management Staff to defer its study <sup>review</sup> the resolvment of several issues. [ ] is closely involved in this matter and will insure that the Management Staff's study on the functions and T/O reflects the resolved opinion of all who are reviewing this activity.
